

Industry 4.0 Business and Sustainable

Memorandum of Agreement (MoA) Between

**Universiti Tun Hussein Onn , Malaysia
And
Universitas Wijaya Kusuma Surabaya**

No.

No. 14/MoA/UWKS/IX/2018

Surabaya Declaration

The implementation of the "Memorandum of Agreement (MoA), collectively as well as mutual cooperation, is to hold the international seminar. The implementation priorities are: (1) to bring together academics, scientists, researchers, practitioners and students in international scientific forums; (2) to share and discuss theoretical and practical knowledge about innovation in science. This international seminar can be used as a scientific forum to accommodate discussions among researchers in various fields of science. To unite parties to work together or collaborate in publicizing the advantages, minimizing deficiencies, and benefiting all parties who work together or in partnership "in total or overall" in the development of the education community.

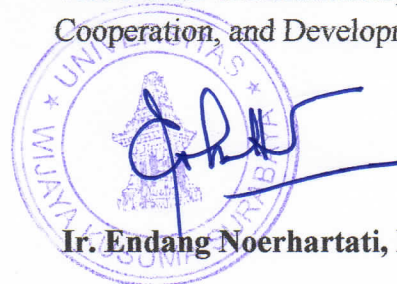

The implementation of a "Memorandum of Agreement (MoA)" between Universiti Tun Hussein Onn , Malaysia and Universitas Wijaya Kusuma Surabaya for organizer partners starting from Saturday, September 8th, 2018. This Memorandum of Agreement (MoA) covers the international seminar's theme: " Industry 4.0 Business and Sustainable" Based on the theme that has been determined for the Ko2pi International Workshop, Call for Papers and Book Publication, articles that explore a range of topics which include: Science, Engineering, Technology, Environment, Energy, Health, Policy, Law, Medixcal, Education, Communication, Computational Design and Analysis Mathematical Analysis, Statistical Analysis.
