

**38th Narotama University Dies Natalis
3th Civil Engineering International Conference
Efficiency in Infrastructure Development**

Memorandum of Agreement (MoA)

Between

Universiti Tun Husein Onn ,Malaysia

And

Universitas Wijaya Kusuma Surabaya

No. 07/MoA/UWKS/II/2019

Surabaya Declaration

The implementation of the "Memorandum of Understanding (MoU), collectively as well as mutual cooperation, is to hold the international seminar. The implementation priorities are: (1) to bring together academics, scientists, researchers, practitioners and students in international scientific forums; (2) to share and discuss theoretical and practical knowledge about innovation in science. This international seminar can be used as a scientific forum to accommodate discussions among researchers in various fields of science. To unite parties to work together or collaborate in publicizing the advantages, minimizing deficiencies, and benefiting all parties who work together or in partnership "in total or overall" in the development of the education community.

The implementation of a "Memorandum of Agreement (MoA) " between Universiti Tun Husein Onn ,Malaysia and Universitas Wijaya Kusuma Surabaya for organizer partners starting from Saturday, 23 February 2019. This Network Memorandum of Agreement (MoA) covers the international seminar's theme: "38th Narotama University Dies Natalis, 3rd Civil Engineering International Conference, Efficiency in Infrastructure Development". Based on the theme that has been determined for the Ko2pi International Workshop, Call for Papers and Book Publication, articles that explore a range of topics which include: Science, Engineering, Technology, Environment, Energy, Health, Policy, Law, Medixcal, Education, Communication, Computational Design and Analysis Mathematical Analysis, Statistical Analysis.
